Frankie is EXCITED! A new home? A new bed? A new ball? But wait. Nico is already here. Nico’s home. Nico’s bed. Nico’s ball. Sharing is hard . . . Will Frankie find a place here too? The latest book from the Geisel Honor–winning author-illustrator Mary Sullivan features not one but two adorable pups with big personalites as they struggle to get along and find their places in the pack. At turns humorous and heartfelt, it appears that man isn’t dog's only best friend when there is another dog to play with . . .

A story about loving yourself and accepting the diversity and uniqueness of others.Frankie is different from other kids. While they enjoy playing tag and riding bikes, Frankie prefers to spend her time imagining new things and sketching. In this story, kids will learn that it is okay to be different and that we should embrace the uniqueness of each individual.

“A joy to read—a portrait of a place, a way of life, and a marriage by a reporter who turns out to be the world’s last extant romantic” (Joan Didion). In this Tracy-Hepburn romance, a sophisticated New York intellectual is charmed by a down-to-earth newspaperman. Frankie’s Place is the tale of a summer cottage and the story that unfolds under its roof. Jim Sterba is the down-to-earth newspaperman who charms the New York sophisticate, Frances FitzGerald, after several visits to her writer’s retreat on the coast in Maine. Frankie’s place is a secluded little house out of harm’s way and the clamor of the modern world. Icy plunges into the Somes Sound christen their island mornings; then there is a long period of dutiful writing followed, in the late afternoon, by rigorous mountain walks, forays for wild mushrooms, and sailing. In the evenings Jim and Frankie prepare simple island meals as they talk about everything from the stories or books they’re working on to the bigger issue of Jim’s reunion with his long-lost father. Although they couldn’t have had more disparate childhoods—Jim grew up on a struggling Michigan farm while Frankie lived in a Manhattan town house and an English country estate—their shared summer rituals have them falling in love before our eyes. “A highly entertaining tale of love, family, and place . . . It took me places I hadn’t expected to go. I loved it.” —Tom Brokaw

This is my cow, she's called Daisy. She should eat grass but she's too lazy. Instead she eats jelly on a spoon, all through the morning till late afternoon. This quirky, rhyming picture book about farm animals behaving badly will have children laughing and, eventually, lull them to sleep along with the tuckered-out animals.

Football in Fiction represents the most comprehensive historical mapping and analysis of novels related to association football (soccer). It offers a theoretically informed field guide, a scholarly cartography of football fiction’s uncertain – and until now – only partially explored terrain. Combining an extensive search for texts with up-to-date academic research, journals, surveys, catalogues, and reviews the book demonstrates a topographic perspective of the field – one that captures and establishes its breadth, depth, and distinctive identity. The book uses and adapts two distinct reading models of abstraction, in conjunction with closer textual analyses. Together they assist in realising a set of demonstrable conventions, outline a taxonomy of fictive types, establish the genre’s current state of play, and advance the football novel as a form with its own literary history and traditions. This book is a valuable resource for those studying and researching in the areas of the social and cultural aspects of football, sports fiction, sports writing, creative writing, and literary and genre studies. Furthermore, related industry professionals will find this a fascinating read, particularly football writers, fans of the sport, and those interested in sports history and cultural phenomena.
