“Supreme Influence is a way of being and communicating with purpose, poise, precision and power. It is a practice that allows you to consciously create harmonious relationships and produce successful results in every area of life.” Transform your language, transform your life! Niurka, a former Anthony Robbins corporate trainer, and popular transformational leader and communication expert, teaches us how to increase confidence, enrich relationships, transcend fears and achieve greater success – all by choosing language wisely. In this inspiring journey of discovery, Niurka shows us how shifting what we say and how we say it can forever alter the way we experience life and all its bounty. With practical and simple tools and techniques, this book guides us to expand our awareness, consciously direct our focus, and choose empowering thoughts and words, which ultimately will lead us all to a greater appreciation of life no matter what's happening around us. As we actively participate in uplifting our imaginings and conversations, we elevate our entire experience of reality. On this journey, you will learn how to align your thoughts, focus, beliefs, body language, goals and vision with your purpose and authentic self. Most important, you will realize a deeper understanding of who you are and why you are here. Regardless of what you've experienced up until now, you can rapidly and often instantly transform challenges, realize your vision, and inspire others through your example. “No matter what you've experienced in life,” Niurka writes, “your being is beyond any circumstance, the past, any story, or beliefs. Throughout this book, I share my own past and stories because they offer wisdom and can make a difference, but the specifics of my circumstances don't really matter. Who I Am is beyond every story. And so it is with you.” From the Hardcover edition.

This self-help guide shows the reader step-by-step how to perform at their peak while gaining emotional and financial freedom, attaining leadership and self-confidence, and winning the confidence of others. It should enable the reader to gain the knowledge and courage to remake themselves.

Starting in 1991, a self-published version of this book has been handed out to thousands of people in need, as part of the Tony Robbins Foundation's Thanksgiving “Basket Brigade.” The book helped so many individuals overcome the most challenging circumstances that people repeatedly asked to purchase it for themselves and for their friends. "Good leaders know the importance of relationships to a healthy organization. From Stuckness to Growth will raise your awareness as a leader. Knowing how each individual's unique personality type drives his or her behavior will improve the value of every interaction and relationship in your workplace. Every leader should keep this book nearby and refer to it often." -- KEN BLANCHARD Co-author of "The One Minute Manager(r)" and "Great Leaders Grow" "Throughout my career of over forty years I've seen all kind of management fads come and go. Perhaps the common denominator of these temporary fads is that they offer "one-size-fits-all" solutions together with unrealistic promises of "total transformation" of your personality and behavior. Against the trend of canned approaches that keep plaguing the market suggesting ungrounded approaches to today's managers' challenges, here is a methodology that goes counter-current. Yechezkel and Ruth Madanes' approach is innovative and intellectually stimulating as well as professional and practical. It will challenge you not only to think but also to act out of the box." -- ICHAK ADIZES, Ph.D., world-renowned authority in organizational transformation "We highly admire the spirit and depth of the authors approach to coaching with the Enneagram" -- DON RISO & RUSS HUDSON, Authors of the international best-sellers "Personality Types" and "The Wisdom of the Enneagram" This immensely practical book will teach you what no MBA program will: that leadership begins with self-leadership. Let's imagine you have a prestigious degree from an Ivy League university. Let's even say that you have a lot of money. But if you lack self-leadership, if you are stuck in the chatter of your own mind, your education won't be worth the paper it's written on because you cannot apply it. And your money will be like having a Rolls-Royce without the keys to turn it on. Total waste. With a powerful methodology that combines the Enneagram and the Adizes PAEI systems of personality types, this book addresses the internal interferences that can block your way to success. It will help you understand what drives and shapes your thoughts, feelings, and behavior. This will allow you to "Know thyself," thereby gaining the tools to deal effectively with your own personality limitations. You will become able to free your energy, fulfill your leadership potential, and achieve your goals and dreams.

WHAT GOOD IS INSPIRATION IF IT'S NOT BACKED UP BY ACTION? Based on the finest tools, techniques, principles, and strategies offered in Awaken the Giant Within, best-selling author and peak performance consultant Anthony Robbins offers daily inspirations and small actions -- exercises -- that will compel you to take giant steps forward in the quality of your life. From the simple power of decision-making to the more specific tools that can redefine the quality of your relationships, finances, health, and emotions, Robbins shows you how to get maximum results with a minimum investment of time.

ABOUT THE ORIGINAL BOOK: In his book, Anthony Robbins presents his basic theory of the power of attitude and individual thought. The theory states that the essential problem of people is not in the circumstances that they live with, but in the vital attitude which they assume. "Life will pay any price you ask," says the author, but then clarifies that it is necessary to give our best in any activity that we engage in. The quest for success is to know exactly what one aspires to achieve and then moving on with the action plan that allows that desire to be fulfilled. "Unlimited Power" shows you the steps that you must take on the path that will guarantee the success and achievement of your goals. It is a guide for your actions that will bring you to a good life.

Using techniques from hypnosis, neurolinguistic programming, the Bible, and the greatest salespeople in history, Hogan empowers you to improve all areas of your life.
