The Ultimate Guide to Master C Programming Fast (c plus plus, C++ for beginners, programming computer, how to program) C++ is an object-oriented programming language which many universities will teach to early mid-level computer majors. In industry, C++ is used widely to perform computationally heavy tasks, similar to its ancestor called the C programming language. In general, it is fairly simple to draw a correlation between C++ and Java not only in their syntax but also in their form and interchangeable styles. After having learned C++, most other languages will be somewhat of a cinch to grasp due to at least one common factor with C or C++. Ever feel like programming, but don't know where to start? Does it seem like too much of a hassle to pick a language, editor, and platform to start developing on? Then this book will help you get past the setup and start writing code. Avoiding the comprehensive approach, we will select an easy to understand editor and compiler, so you can get from code to an executable application. This easy step-by-step guide will explain every detail of the process, including: Brief overview of the C++ programming language Setting up the compiler package (Cygwin) Setting up the code editor package (Notepad++) Setting up the file directory structure Writing some example code Compiling and running the example code Adding functions and variables Suggestions on the next pieces to learn Programming as a field is far reaching with many of its applications being involved with everyday life for a majority of people. The concepts in this guide are only the tip of the iceberg. There are a plethora of other languages to learn that are more understandably applied to particular domains of problems. More importantly, it can be a fun and rewarding experience to learn just how coding works!Let's get to coding!Download your copy of "C++" by scrolling up and clicking "Buy Now With 1-Click" button. Ever wanted to get your business featured in publications like Forbes, National newspaper websites, magazines and trade journals? Perhaps you've noticed the rise of blogging and wondered how your business can tap into this ready-made network of highly influential people to boost your credibility and get in front of your perfect target audience? In this groundbreaking book, the superstar Digital PR team from Exposure Ninja break down step-by-step their process for getting any business in any market coverage in the most relevant online publications. Whether you want to build credibility to become an authority, drive traffic to your website or attract the sort of links that turbocharge ranking, this book will walk you through the process. You will discover: How businesses of all size - from 1 person to 100,000 people - can utilise Digital PR for free publicity. How to identify the perfect market to maximise the impact of your Digital PR. How to generate ideas and angles for stories that publications will bite your hand off for. The 'secret underworld' of Sponsored Content and how to utilise it for maximum profit. How to use Content Marketing to spread your reach through infographics, articles, and videos. How to find and connect with the most influential bloggers in your market and have them sing your praises publicly to their audience. How to use contests to boost your social media following (including one example that generated over 3,000 entries for less than the price of three cups of coffee). How and why to use live events to explode your online visibility (clue: the strategies in this section won't have even occurred to your competitors). How to create and manage a workable digital PR campaign in whatever time you have available, whether it's 20 minutes per week or 8 hours per day. How to use two hashtags on Twitter to 'unlock' a hidden world of journalists desperate to write about you (clue: see an example of this strategy where we sent 3 tweets which got us featured in Forbes, The Telegraph, and The Guardian websites in less than 2 weeks). What most businesses don't realise is that journalists, editors, and bloggers are crying out for good stories to write about. Provided that you understand exactly what they are looking for and how to position your business in a way that makes you interesting, rather than have to push push push, these gatekeepers will be coming to you asking for more! About The Authors Charlie and Luke head up Exposure Ninja's Digital PR team. With years of experience running campaigns for businesses in every imaginable market (and even some unimaginable ones!), they have developed a set of simple, easy-to-follow systems that mean any business can get the sort of visibility online that previously seemed out of reach. Tim Cameron-Kitchen is a 5-time bestselling author and Head Ninja at Exposure Ninja. Having helped tens of thousands of businesses to improve their online visibility and attract more customers from the Internet, he is one of the UK's leading Digital Marketing authorities and now runs the 65-strong digital marketing company Exposure Ninja. Who Is This Book For? Whether you are a solopreneur looking for free advertising or a large multinational wanting to develop a Digital PR strategy to tap into the new generation of online authorities, this book will guide you through the processes that Exposure Ninja uses day in, day out to get coverage for their clients in any market. From e-commerce stores to tradesmen, the range of strategies covered in this book means that whatever you sell and to whomever you sell it, you'll find the perfect angle for you. Hidden Extras This book comes with FREE lifetime updates and a digital marketing review worth £198. Details inside.

In the Ultimate Guide to Personal Finance, I want to not only show you how to break the chains of debt, but also show you how to turn all those payments into wealth. It drives me crazy when I think about all the debt most of us carry. The ultimate goal is to teach you how to start making money work for you. We go to school to learn a profession so we can work for money. But we never go beyond that way of thinking. Many fall into the payment trap and all we do is make the banks rich and never live totally free. That is the problem with education today, they don't want you to know that there is a way to make money work for you rather than fund their coffers. This book will guide you to the ultimate financial knowledge that you can use to make money work for you. In this book you will learn: ? How to get smarter with your money. ? What you can do to protect yourself in any economy. ? How to build a successful financial plan. ? How to make the financial system work for you, instead of the banks. ?? Practical, applicable knowledge of finance and economics. ? How to start your journey to financial success and freedom. ? Easy retirement planning. ? Over 35 Side Gigs to build your wealth starting at \$5 a day I passionately want to pass on what I have learned to everyone I can.
