This book blends classroom training with actual practice. It provides case studies for the students of Management, Commerce, Chartered Accountancy, and Cost and Work Accountancy. It contains case studies pertaining to Indian conditions and their suggeste

This book offers 58 cases that combine both the qualitative and quantitative aspects of financial management. The cases are based on real firms, real products, real individuals, and most importantly, real issues and offer a complete picture of the financial management process.

This is a book of hypothetical cases written to give students real examples of key finance concepts. Each case is 3-4 pages in length, and concludes with questions and problems that walk students through calculations and critical analysis of the case to help them make business decisions.

Case Studies for Corporate Finance: From A (Anheuser) to Z (Zypps) (In 2 Volumes) provides a distinctive collection of 51 real business cases dealing with corporate finance issues over the period of 1985 – 2014. Written by Harold Bierman Jr., world-renowned author in the field of corporate finance, the book spans over different areas of finance which range from capital structures to leveraged buy-outs to restructuring. While the primary focus of the case studies is the economy of the United States, other parts of the world are also represented. Notable to this comprehensive case studies book are questions to which unique solutions are offered in Volume 2, all of which aim to provide the reader with simulated experience of real business situations involving corporate financial decision-making. Case studies covered include that of Time Warner (1989 – 1991), The Walt Disney Company (1995), Exxon – Mobil (1998), Mitsubishi's Zero Coupon Convertible Bond (2000), and Apple (2014). Request Inspection Copy

This casebook provides real-world applications addressing the financial decisions that manager's face at entrepreneurial and mid-size companies.

Financial Management by Khan and Jain is one book in the Indian market which deals with topics following step-by-step learning approach backed by large number of solved problems. Keeping in line with the previous editions, this 8th edition brings out the explanation of theories, concepts and techniques explicitly, with more excel integration in the text. This book will be useful to both finance managers and management students. Salient Features: - Updated text aligned with new SEBI

guidelines and change in CSR policies - Rich pedagogy - Excel integration-based template made available online. - Web supplements - For instructors: Lecture slides - For Students: Additional cases, solved problems, chapter end solution to numerical review questions

Cases in Financial Management provides a series of original case studies in corporate finance, many of which are cases based on actual corporate events and on the authors' teaching and consulting experiences. Accompanied by sophisticated and detailed proposed solutions, this case book goes beyond simple textbook mini-case applications to shed great clarity on the application of financial management and market principles for both students and professionals, including consultants, accountants and attorneys who are advising corporate clients.
