Journey to the land of Elser—a realm of haughty men, proud elves, nimble delfins, and where Darkness is ever seeking to devour people's souls. Despite the old hostility between men and elves, an uneasy peace has reigned for over a century. But now all that is about to change. Darvir is a man without a past, family, or friends. Exploited by those who use his strange abilities for their own gain, all Darvir has ever known is a life of slavery and bloodshed. Elaine is intelligent, beautiful—a daughter of kings, yet she is an embarrassment and disgrace to her family for going against tradition and wanting to know the truth. Exiled to a remote part of the kingdom, she languishes there in seclusion until a deadly menace forces her to flee. When the paths of these two people cross, they are thrust into a web of peril and sorcery against impossible odds. As Darvir and Elaine both struggle to survive the myriad of dangers before them, an ancient evil is stirring and preparing to unleash a power which none can hope to prevail against. Only two people stand in its path, and they alone hold the key to possibly saving the realm from the fire that comes.

Much has changed for the Chanku. For so long they kept their shapeshifting ability secret, but now they have assimilated into the human world in ways they never once thought possible. As the daughter of Anton Cheval (the universally acknowledged leader of the Chanku Nation) and CEO of Cheval International, Lily Cheval chooses to live alone in San Francisco, headquarters of the pack's business interests. A series of murders near both the pack compound in Montana and the San Francisco Bay Area leave her wary and worried for her fellow Chanku. The bodies of human women are turning up—women raped by men, but killed by wolves. Aldo Xenakis, a charismatic cult leader, is blaming the Chanku, inciting fear among residents throughout the west. When Lily meets his son, Sebastian, their connection is intense and immediate, yet tempered by the darkness she senses in him—he is a powerful wizard who uses magic to shift into wolf form, but is he the killer? Driven by passion, Sebastian and Lily come together in sensual ecstasy, a joining that leaves Lily shaken but utterly alive. Could Sebastian be the man she's been waiting for, or is he her worst enemy? This book contains adult content.

It has been thousands of years since Beast-Kind were united under one banner. The empire encompasses most of the known world, driving out or enslaving the lesser races without mercy. In a state of constant war and conquest, they have perfected the art of battle. For commoner wolf-kind, Valian, being accepted and trained in a noble house's army was a dream come true. Without wealth or a family, it was his best shot at attaining honor and glory. Until fate intervened. When, on his graduation day, Valian discovers he's descended from an ancient and long-thought extinct line, everything changes. Now, he'll have to come to terms with his newfound strength while joining a world he has never known. If the threat of his fellow beast-kind wasn't enough, a new danger has awoken on the empire's eastern border. If Valian doesn't rise to the occasion, more than just his own life may be lost. Fans of "Throne of Glass" and "Sword of Truth" will enjoy the dynamic combination of magic and action in Evans' new series, Alpha Rising. "Dark Wolf's Awakening" is the debut novel in the fast-paced epic fantasy series that introduces readers to a savage world ruled by shapeshifters and the beast within.
