Replace the bulb(s) with a service light bulb (follow guidelines in your owner's manual for maximum wattage), and close the lens cover. On other Genie® models, you will need a Phillips screwdriver. Remove the two screws (at the top) that attach the lens cover to the front panel. The lens cover will drop down like a hinge, while you change the bulb.

This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog YoungHouseLove.com, Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, "hack" your Ikea table to create three distinct looks, and so much more.

This proceedings volume provides a fresh perspective on current challenges in cooperation and coepetition in the age of Industry 4.0. Featuring selected papers from the 10th Conference on Management of Organizations' Development (MOD) held in Zamek Gniew, Poland, this volume extends the knowledge of cooperation and coepetition, presents analytic tools used in the research, considers the potential impact of Industry 4.0 on collaboration, and provides recommendations for managerial practice. Interorganizational relations have been a relevant topic in the management sciences in recent years. Globalization, social, cultural, and technological progress are among the factors shaping the environment for collaboration, determining the conditions for development and defining a set of new challenges that managers have to face in today's knowledge-based economy. This book, therefore, explores emerging problems of organizational development in the light of the needs and challenges of Industry 4.0. Combining the latest theory and practice, the volume provides a realistic outlook on the network economy and interdependencies both within and between sectors.

The lovely and graceful Katrina Weems is on the brink of the successful life shead always been waiting for. Yet, far from her home in Tennessee and betrayed by a man she thought her friend, she finds herself seeking the shelter of a stranger in Massachusetts. Trapped by fear, she gratefully accepts the protection of two kind men, but when matters of the heart intervene and she must choose between them, her world is thrown into even more chaos. This young maiden must endure much more than she had ever anticipated before finding the One who can truly save her.
