It's All Greek to Me: Transform Your Health the Mediterranean Way with My Family's Century-Old Recipes Hardcover – April 29, 2014 by Debbie Matenopoulos (Author)

**It's All Greek to Me: Transform Your Health the—**
Greek: a language intricate and rich in its powers of evocation, elegant in its archaic form, viscerally expressive in its modern one. Greek: an ancient culture that seems to have influenced everyone.

A bluffer's guide to greek!

UPDATED EDITION WITH A NEW CHAPTER
Intoxicated with dreams of a Greek paradise, John Mole inflicts upon his family a tumbledown ruin on a hillside with no water, no electricity, no roof, no floor, no doors, no windows and twenty years of goat dung... far away from the tourist resorts and posh hotels. Through hard work and comic misadventures a bond is formed with a vivid cast of village characters - from Elpida who cures back pain with raw eggs to beautiful Eleni yearning for Dusseldorf - over bottles of ouzo, whisky and wine. If only Hector the dog would calm down.

As they are about to go on stage, Joe, Fred, and Sam are transported back to the time of Zeus and the other gods in Greek mythology, who, strangely enough, behave much as the characters in the trio's class play.

Debbie Matenopoulos, the first member of her family born in America, grew up in a traditional Greek household, eating delicious, authentic Greek cooking that her family had passed down for generations. By the time Debbie had started her television career in New York on The View, she began eating a standard American diet. But despite carefully limiting how much she ate, she found herself gaining weight and lacking energy. As Debbie's career as an entertainment news reporter and television host on BS, MTV, E!, and other networks had her constantly on the go, she was grabbing whatever food was readily available. It was only when she returned to her traditional Greek diet that she found herself easily—and healthily—realizing her natural weight and regaining her natural energy, stamina, and physique. Now, in It's All Greek to Me, Debbie shares 120 of her family's traditional Greek recipes and adds her own touch to make them even healthier and easier to prepare. After tasting Debbie's dishes, such as her mouthwatering version of Spanakopita (Spinach Feta Pie), Kaiamaria Katera (Spicy Calamari), her family's secret recipe for Baklava, and, of course, Arni kai Patates (Classic Roasted Leg of Lamb with Potatoes)—you'll be amazed these delicious foods are good for you. With a foreword by Dr. Michael Ozner, one of the nation's leading cardiologists, the recipes in It's All Greek to Me adhere to the healthiest diet on the planet: the traditional Mediterranean Diet. Modern science is catching up to what Greeks have known for millennia: health comes from eating natural, whole-food ingredients that haven't been processed or pumped full of hormones, antibiotics, or preservatives. Let It's All Greek to Me bring your friends and family together to share in the experience of a Greek meal and way of life. Opal A portion of all proceeds will benefit the ALS Association.

The Comma Queen returns with a buoyant book about language, love, and the wine-dark sea. In her New York Times bestseller Between You & Me, Mary Norris delighted readers with her irreverent tales of pencils and punctuation in The New Yorker's celebrated copy department. In Greek to Me, she delivers another wise and funny paean to the art of self-expression, this time filtered through her greatest passion: all things Greek. Greek to Me is a charming account of Norris's lifelong love affair with words and her solo adventures in the land of olive trees and ouzo. Along the way, Norris explains how the alphabet originated in Greece, makes the case for Athena as a feminist icon, goes searching for the fabled Baths of Aphrodite, and reveals the surprising ways Greek helped form English. Filled with Norris's memorable encounters with Greek words, Greek gods, Greek wine—and more than a few Greek men—Greek to Me is the Comma Queen's fresh take on Greece and the exotic yet strangely familiar language that so deeply influences our own.

Why is ancient Greece important? Because, quite simply, if we want to understand the modern Western world, we need to look back to the Greeks. Consider the way we think about ethics, about the nature of beauty and truth, about our place in the universe, about our mortality. All this we have learned from the ancient Greeks. They molded the basic disciplines and genres in which we still organize thought, from poetry to drama, from medicine to philosophy, from history to ethnography. Packed with useful facts, including a timeline, a "mythology for dummies," a who's who, a guide to Homer's epics, and a handy map for those struggling to know their Lemnos from their Lesbos, It's All Greek to Me is an entertaining and insightful tour through the world of the ancient Greeks. Why are some laws Draconian? What is an Achilles' heel? Why were the Spartans spartan? Charlotte Higgins provides these answers and more, arming average readers with the knowledge they need to understand the Greeks and their tremendous contributions to our lives. This book aims to unlock the richness of a fascinating culture and place it where it should be—in the mainstream of life.

This Greek god is about to meet his goddess... When Eglantine "Harry" Knight sets off to Greece at the last minute to step in as manager of a friend's touring band, the last thing she expects is to meet a billionaire Greek playboy. Iakovos Papaioannou is perfection on every level, except for his unpronounceable name. And Harry can't stop herself from falling hard and fast for him. Iakovos knew his sister hired her favorite band to perform at her birthday party, he's just not sure where this six-foot-tall, wild-haired, tempestuous woman fits in, or how she's already ended up in his bed—and in his heart. Harry is so not his type. She's as infuriating as she is intriguing, and she can't keep her hands off his butt. But she just may be the woman who knocks him off the world's most eligible bachelor list for good...

Barbarism and civilization form one of the oldest and most rigid oppositions in Western history. According to this dichotomy, barbarism functions as the negative standard through which "civilization" fosters its self-definition and superiority by labeling others "barbarians." Since the 1990s, and especially since 9/11, these terms have become increasingly popular in Western political and cultural rhetoric—a rhetoric that divides the world into forces of good and evil. This study intervenes in this recent trend and interrogates contemporary and historical uses of barbarism, arguing that barbarism also has a disruptive, insurgent potential. Boletsi recasts barbarism as a productive concept, finding that it is a common thread in works of literature, art, and theory. By dislodging barbarism from its conventional contexts, this book reclaims barbarism's edge and proposes it as a useful theoretical tool.

A day-by-day devotional to inspire and encourage the reader. A Greek word for every day of the year.Kindle your faith with this unique book.

Proof that learning grammar doesn't have to be boring. This easy-to-understand and humorous guide is for students in their second year of Greek study.
