Previous title: Fundamentals of academic writing

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills. While keeping the same basic approach and materials as in earlier editions, the fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are: Information in the grammar charts highlighting important differences between spoken and written English; Step-by-step writing activities with models for students to follow; Innovative warm-up exercises that precede the grammar charts and introduce points to be taught; Newly created exercises to give students more incremental grammar practice; Structure-based listening exercises that introduce students to relaxed, reduced speech"--Page 4 of cover.

The Longman Academic Reading Series is a five-level series that prepares English language learners for academic work. High-interest readings cover a variety of subjects, including art history, nutrition, American literature, and forensics. The series takes a holistic approach to the skills and strategies necessary for effective reading, vocabulary building, note-taking, and critical thinking. By encouraging students to discuss and write about the ideas covered in the readings, the series helps them become better speakers and writers of English. Highlights Rigorous, sophisticated, and comprehensive readings are based on academic sources, each carefully designed to provide different and intriguing perspectives on a theme. Readings come from a variety of sources and genres -- textbooks, newspapers, magazines, online articles -- and are written by experts in widely different fields. A corpus-informed approach to vocabulary helps students build vocabulary and acquire skills to become more confident in preparing for
