First published in 1930, amidst the collapse of socialist ideals and the onset of fascism throughout parts of Europe, Liberal Socialism is a powerful and timely document on the ethics of political action. During his confinement for his anti-fascist beliefs, the Italian political philosopher Carlo Rosselli (1899-1937) wrote this work not only as a critique of fascism, but also as an investigation into the history of Marxism and the need for a liberal reformulation of socialism. In this first English- language edition, Nadia Urbinati highlights both the historical and theoretical importance of Liberal Socialism, which continued to inspire the anti-fascist movement "Giustizia e Libertà." long after Rosselli's assassination by Mussolini's agents, and which outlines a possible rebirth of the socialist and democratic movements. Rosselli's analysis provides an illuminating interpretation of the ideological crisis of Marxism, in its positivistic version, during the late nineteenth century and exposes the intellectual weakness of revisionist efforts to delineate new versions of Marx's doctrine. He encourages readers to view socialism as an ethical ideal and to consider whether Marxist or liberal methods combine better with socialism to achieve that ideal. Rosselli opts for a liberal socialism that avoids the shortcomings of uncontrolled laissez-faire but favors state intervention to secure public services and social rights. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, The Substance of Style is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

An intimate encounter with the enfant terrible of ballet. With a comprehensive selection of photos from Polunin's life on and off stage. His music video for Hozier's Take me to Church, shot by David LaChapelle, has 28 million views on YouTube. With a foreword by Dame Helen Mirren and Albert Watson.

A new look at the work of Mario Giacomelli, one of Italy's foremost photographers of the twentieth century. Mario Giacomelli (1925-2000) was born into poverty and lived his entire life in Senigallia, a seaside town along the Adriatic coast in Italy's Marche region. He purchased his first camera in 1953 and quickly gained recognition for the raw expressiveness of his images. His preference for grainy, high-contrast film and paper produced bold, geometric compositions with glowing whites and deep blacks. Giacomelli most frequently focused his camera on the people, landscapes, and seascapes of the Marche, and he often spent several years expanding and reinterpreting a single body of work or repurposing an image made for one series for inclusion in another. By applying titles derived from poetry and literature to his photographs, he transformed ordinary subjects into meditations on time, memory, and existence. Spanning the photographer's earliest pictures to those made in the final years of his life, this publication celebrates the J. Paul Getty Museum's extensive Giacomelli holdings, formed in large part through a significant gift from Daniel Greenberg and Susan Steinhauer.

An exciting and fun new way to help children and parents to discover their Catholic faith together, and a great help for teachers in the classroom. In child-friendly language, accompanied by talking points for parents and teachers, YOUCAT for Kids explores: \* Creation \* The Creed \* The Sacraments \* The Ten Commandments \* Prayer \* The Life of Jesus All the much-loved characteristics of the bestselling YOUCAT series - including fun graphics, quotes from Saints, and thought-provoking images - have been adapted to suit a younger audience. Designed in consultation with parents and families, YOUCAT for Kids is an essential addition to every family bookshelf and Catholic school classroom.

This represents the first time that Pirandello's Berekche and the War has been translated into the English Language. Pirandello's historical novella, set in the months preceding Italy's entry into the First World War, is amongst much else a highly individual contribution to war literature and historical fiction. As he charts the crisis of those times as it affects the carefully constructed identity of his protagonist, he embarks on a radical questioning of nineteenth-century notions of order, method and discipline. Further, his dialogue with historical narrative leads him to explore and expose the fiction inherent in representing historical reality, and the fictions by which we all live.
