Notes and further suggestions for each chapter. Photocopiable worksheets and mental exercises.

Sections begin with revision from previous Levels and end with a review chapter. Extensive questions in carefully graded exercises maximise consolidation and build confidence. Each book contains a variety of activities, including skill-developing exercises, practical work and discussion exercises. Large numbers of past-paper questions are included for plenty of examination practice. The books are designed to balance tasks which develop knowledge and understanding, and those which build the skills to tackle and solve mathematical problems.

CEM-style Bond Mixed Test Papers Pack 2 are written by expert authors. Developed by the 11 plus (11+) experts each paper offers comprehensive support for all CEM 11 plus subjects. Tried and trusted, Bond has helped millions of children achieve 11 plus success.

Part of a complete mathematics course providing full coverage of the revised National Curriculum, this book deals with the material in Level 7. It also contains a large part of the Intermediate Tier GCSE. There is a variety of activities throughout, and many questions from GCSE examinations.

This new edition of the best-selling 'STP Mathematics' series provides all the support you need to deliver the 2014 KS3 programme of study. These new student books retain the authoritative and rigorous approach of the previous editions, whilst developing students' problem-solving skills, helping to prepare them for the highest achievement at KS4. These student books are accompanied by online Kerboodle resources which include additional assessment activities, online digital versions of the student books and comprehensive teacher support.
