Please Don't Tell My Parents I Blew Up The Moon. by Richard Roberts. 3.88 · 1834 Ratings · 116 Reviews · published 2015 · 12 editions

Please Don't Tell My Parents Series by Richard Roberts

Please Don't Tell My Parents I'm a Supervillain was a great YA superhero novel. Not perfect by any stretch of the imagination but quite entertaining. The protagonists were adorable and included a character whose superpower was, literally, incredible cuteness.

Please Don't Tell My Parents I Blew Up The Moon (Please ...

"I Have A Nemesis" is the 4th book in the "Please Don't Tell My Parents" series, and the plot of this one is more tightly focused on Penelope Akk specifically than in any of the previous books. It doesn't have the aggressive pace of the first novel, although there are surprise twists and sudden reversals. There's also a subtle build of ...

Please Don't Tell My Parents I Have A Nemesis: Amazon.co ...

I've been a fan of Richard Roberts ever since I picked up the first book in this series, Please Don't Tell My Parents I'm A Supervillain. With the last book in Penny Akk's adventure (but not the last in this universe!), Mr. Roberts has cranked the dial up to 11 and broken it off. The highs are higher. The lows are lower. The explosions are explodier.

Mit please don't tell my Parents I'm a Supervillain geht er von der Neu-Erfindung von M ä rchen und Fantasy zum Superhelden-Genre ü ber. In einer Welt mit vielen Superhelden und - schurken ist Penny Ack "eigentlich" nur ein normales 13 j ä hriges M ä dchen, das zur Highschool geht. Mit allen Problemen, die man so an der Highschool ü blicherweise hat.

Please Don't Tell My Parents I'm a Supervillain: Amazon.co ...

And I have to say that while it was good, it didn't live up to the standard set by "Please Don't Tell My Parents I'm A Supervillain". The author made the unfortunately choice to ditch a lot of the good characters from last time in favour of a limited set of much flatter characters living in outer space, and there seemed to be a lot of flitting backwards and forwards that didn't accomplish much.

I Believe Robert Richards delivers exactly what I was hoping for in Please Don't Tell My Parents You Believe Her. The fourth book in Penny Justice Akk's story follows the girl with a dented heart of gold in her back pocket and a heart of steel in her chest as she journeys to find out if she has what it takes to be a real girl once again.

Please Don't Tell My Parents I've Got Henchmen by Richard ...

Please don ' t tell my parents. Embarrassment and shame can deter teenagers from contacting parents about drug and alcohol problems. I ' ve written many times about the importance of letting your child know that you are happy to be part of a plan if something should ever go amiss when they are out. Every time they leave your house they need to hear you say " If you need me, I ' ll be there, anytime, anywhere – no questions asked! " .

The moment I started reading Please Don't Tell My Parents I'm a Super Villain I was TOTALLY drawn into the story. It was pure unadulterated super hero / super villain delicious, wonderful, wacky, AWESOME fun. I'm not much of an artist but I want to draw the characters pretty bad, and to see this book in a graphic novel format someday.

Please Don't Tell My Parents I'm a Supervillain Audiobook ...

Yet, Don't Tell My Parents You Believe Her is a satisfactory end to a wonderful adventure. For being a YA series, Don't Tell My Parents manages to evoke deep thoughts and engaging themes that can lead to some interesting introspection. The last book even more so. I'll admit I cried every time Brian reappeared on the page.

"Penelope Akk wants to be a superhero. She's got superhero parents. She's got the ultimate mad science power, filling her life with crazy gadgets even she doesn't understand. She has two super-powered best friends. In middle school, the line between good and evil looks clear. In real life, nothing is that clear. All it takes is one hero's sidekick picking a fight, and Penny and her friends are labeled supervillains. In the process, Penny learns a hard lesson about villainy: She's good at it. Criminal masterminds, heroes in power armor, bottles of dragon blood, alien war drones, shapeshifters and ghosts, no matter what the super powered world throws at her, Penny and her friends come out on top. They have to. If she can keep winning, maybe she can clear her name before her mom and dad find out"--Cover, page [4].

What do you do when you have the wrong super powers? Magenta's older brother is a superhero. She's starting high school at the school where kids with powers go, including the famous Inscrutable Machine. Except, Magenta's powers are no good for fighting. Her potions are useful, not dangerous. Her other power is just humiliating. What Magenta has plenty of is

determination, and she tries fighting a supervillain anyway. She fails. But for Magenta, failure is the beginning, not the ending. Suddenly she has a part-time job working for that same supervillain, who doesn't seem very villainous. She spends her afternoons buying mad science from smugglers, copying memories into a magic book, delivering messages to evil lawyers, and always, always, putting on a show. Soon, she's ducking heroes who want to save her from herself, and her best friends, who don't know the sidekick they're chasing is Magenta. Making sure her parents don't find out is the easy part.

Supervillains do not merely play hooky. True, coming back to school after a month spent fighting—and defeating—adult superheroes is a bit of a comedown for The Inscrutable Machine. When offered the chance to skip school in the most dramatic way possible, Penelope Akk can't resist. With the help of a giant spider and mysterious red goo, she builds a spaceship and flies to Jupiter. Mutant goats. Secret human colonies. A war between three alien races with humanity as the prize. Robot overlords and evil plots. Penny and her friends find all this and more on Jupiter's moons, but what they don't find are any heroes to save the day. Fortunately, they have an angry eleven-year-old and a whole lot of mad science...

Middle school supervillain Penny Akk has defeated every challenge thrown against her. She has bested heroes, villains, weirdos who can't make up their minds, robots, aliens, friends, rivals, enemies, natural disasters, secret admirers, and her own shyness. Now she has only one opponent left. Her own super power. ...and the other Penny who stole it.

As a parent you know that your 'child' is not just another teenager, struggling to grow up. She is your daughter. That in itself makes her the most unique and important teenager in the world. But when your sweet little girl suddenly stops talking, won't do anything you tell her to do, and starts dressing like she stepped out of a celebrity magazine, you start wondering what went wrong. Michelle Mitchell has spent the last 10 years day-in, day-out, listening and talking with teenage girls about their lives, loves, hates and hopes. In this book she reveals that its what your daughter isn't telling you rather than what she does tell you that matters the most. Featuring an engaging and fresh voice, this book is full of straightforward advice in a complicated world. Its honesty, reality and practicality is ably illustrated by the many real anecdotes from teenagers themselves about their hectic everyday lives.

Uses a Christian perspective to address such adolescent problems as dysfunctional homes, suicide, sex, and substance abuse.

Penelope Akk wants to be a superhero. She's got superhero parents. She's got the ultimate mad science power, filling her life with crazy gadgets even she doesn't understand. She has two super powered best friends. In middle school, the line between good and evil looks clear. In real life, nothing is that clear. All it takes is one hero's sidekick picking a fight, and Penny and her friends are labeled supervillains. In the process, Penny learns a hard lesson about villainy: She's good at it. Criminal masterminds, heroes in power armor, bottles of dragon blood, alien war drones, shape shifters and ghosts, no matter what the super powered world throws at her, Penny and her friends come out on top. They have to. If she can keep winning, maybe she can clear her name before her mom and dad find out.

"Birthdays may be difficult for me." "I want you to take the initiative in opening conversations about my birth family." "When I act out my fears in obnoxious ways, please hang in there with me." "I am afraid you will abandon me." The voices of adopted children are poignant, questioning. And they tell a familiar story of loss, fear, and hope. This extraordinary book, written by a woman who was adopted herself, gives voice to children's unspoken concerns, and shows adoptive parents how to free their kids from feelings of fear, abandonment, and shame. With warmth and candor, Sherrie Eldridge reveals the twenty complex emotional issues you must understand to nurture the child you love--that he must grieve his loss now if he is to receive love fully in the future--that she needs honest information about her birth family no matter how painful the details may be--and that although he may choose to search for his birth family, he will always rely on you to be his parents. Filled with powerful insights from children, parents, and experts in the field, plus practical strategies and case histories that will ring true for every adoptive family, *Twenty Things Adopted Kids Wish Their Adoptive Parents Knew* is an invaluable guide to the complex emotions that take up residence within the heart of the adopted child--and within the adoptive home.
