experience that is then refined by practical experience during several projects. Candidates must also demonstrate understanding of Java development, Mobile Services, Internet of things, Fiori development, Connectivity, Integration and Extensions. The exam is Computer based and you have three hours to to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the
