The Lost Vintage includes many lyrical descriptions of the terrain, the sky, the rich greens, browns, and blues of Burgundy; and it captures the rhythms of seasonal and daily life in this part of the world, which tends to be dominated by the growing of grapes, the harvesting of them, the turning them into wine.

Sweetbitter meets The Nightingale in this page-turning novel about a woman who returns to her family's ancestral vineyard in Burgundy and unexpectedly uncovers a lost diary, an unknown relative, and a secret her family has been keeping since World War II.

Sweetbitter meets The Nightingale in this page-turning novel about a woman who returns to her family's ancestral vineyard in Burgundy and unexpectedly uncovers a lost diary, an unknown relative, and a secret her family has been keeping since World War II. To become one of only a few hundred certified wine experts in the world, Kate must pass the notoriously difficult Master of Wine examination. She's failed twice before; her third attempt will be her last chance. Suddenly finding herself without a job and with the test a few months away, she travels to Burgundy to spend the fall at the vineyard estate that has belonged to her family for generations. There she can bolster her shaky knowledge of Burgundian vintages and reconnect with her cousin Nico and his wife, Heather, who now oversee day-to-day management of the grapes. The one person Kate hopes to avoid is Jean-Luc, a talented young winemaker and her first love. At the vineyard house, Kate is eager to help her cousin clean out the enormous basement that is filled with generations of discarded and forgotten belongings. Deep inside the cellar, behind a large armoire, she discovers a hidden room containing a cot, some Resistance pamphlets, and an enormous cache of valuable wine. Piqued by the secret space, Kate begins to dig into her family's history—a search that takes her back to the dark days of World War II and introduces her to a relative she never knew existed, a great-half aunt who was a teenager during the Nazi occupation. As she learns more about her family, the line

between resistance and collaboration blurs, driving Kate to find the answers to two crucial questions: Who, exactly, did her family aid during the difficult years of the war? And what happened to six valuable bottles of wine that seem to be missing from the cellar's collection?

The memoir of a young diplomat's wife who must reinvent her dream of living in Paris—one dish at a time When journalist Ann Mah's diplomat husband is given a three-year assignment in Paris, Ann is overjoyed. A lifelong foodie and Francophile, she immediately begins plotting gastronomic adventures à deux. Then her husband is called away to Iraq on a year-long post—alone. Suddenly, Ann's vision of a romantic sojourn in the City of Light is turned upside down. So, not unlike another diplomatic wife, Julia Child, Ann must find a life for herself in a new city. Journeying through Paris and the surrounding regions of France, Ann combats her loneliness by seeking out the perfect pain au chocolat and learning the way the andouillette sausage is really made. She explores the history and taste of everything from boeuf Bourguignon to soupe au pistou to the crispiest of buckwheat crepes. And somewhere between Paris and the south of France, she uncovers a few of life's truths. Like Sarah Turnbull's *Almost French* and Julie Powell's *New York Times* bestseller *Julie and Julia*, *Mastering the Art of French Eating* is interwoven with the lively characters Ann meets and the traditional recipes she samples. Both funny and intelligent, this is a story about love—of food, family, and France.

"An absorbing historical . . . enthralling."—*Library Journal* Bestselling author Lisa Wingate brings to life startling stories from actual "Lost Friends" advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia's Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery's end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

Before spunky, red-headed Anne Shirley stole readers' hearts in Anne of Green Gables, L.M. Montgomery was captivated by the sunset sky of Prince Edward Island. And before readers were terrified by a tentacled dragon-man called Cthulhu, H.P. Lovecraft was enthralled by the Industrial Trust tower-- the 26-story skyscraper that makes up the skyline of Providence, Rhode Island. "It's been a long time since I've been so thoroughly engrossed in a novel . . . The Lost Castle kept me spellbound!" —Tamera Alexander, USA TODAY bestselling author of *To Whisper Her Name* and *Christmas at Carnton* Broken-down walls and crumbling stones seemed to possess a secret language all their own. What stories would they tell, if she finally listened? Ellie Carver arrives at her grandmother's bedside expecting to find her silently slipping away. Instead, the beloved woman begins speaking. Of a secret past and castle ruins forgotten by time. Of a hidden chapel that served as a rendezvous for the French Resistance in World War II. Of lost love and deep regret . . . Each piece that unlocks the story seems to unlock part of Ellie too—where she came from and who she is becoming. But her grandmother is quickly disappearing into the shadows of Alzheimer's and Ellie must act fast if she wants to uncover the truth of her family's history. Drawn by the mystery surrounding *The Sleeping Beauty*—a castle so named for Charles Perrault's beloved fairy tale—Ellie embarks on a journey to France's Loire Valley in hopes that she can unearth its secrets before time silences them forever. Bridging the past to the present in three time periods—the French Revolution, World War II, and present day—*The Lost Castle* is a story of loves won and lost, of battles waged in the hearts of men, and of an enchanted castle that stood witness to it all, inspiring a legacy of faith through the generations.

fiercely imaginative novel, a mother and father set out with their two children, a boy and a girl, driving from New York to Arizona in the heat of summer. As the family travels west, through Virginia to Tennessee, across Oklahoma and Texas, the bonds between them begin to fray: a fissure is growing between the parents, one the children can almost feel beneath their feet. Through songs and maps and a Polaroid camera's lens, the children try to make sense of both their family's crisis and the larger one engulfing the news: the stories of thousands of kids trying to cross the southwestern border into the United States but getting detained--or lost in the desert along the way. Children Archive is timely, compassionate, subtly hilarious, and formally inventive--a powerful, urgent story about what it is to be human in an inhuman world.

A “spellbinding debut” and “a feast for all readers” (Library Journal, starred review) about a food journalist’s desperate attempt to save his career—and possibly, his marriage—through an epic quest that leads him from Burgundy through Russia, tracking an infamous bottle of wine. Ex-food journalist and nearly destitute wine connoisseur Bruno Tannenbaum has hit rock bottom. So when he stumbles on a clue hinting at a lost wine vintage, the 1943 Trevallier—stolen from France during WWII and now worth a fortune—Bruno is convinced that finding this wine could be the key to restoring his journalism career, and perhaps even his failing marriage. But as word spreads about his search for the Trevallier, Bruno finds himself in a desperate treasure hunt, racing from lush Burgundy vineyards through German inns and a Russian prison in this “positively delightful” (The Seattle Times) culinary expedition about second chances and “the power of food and wine to heal” (BookPage). “An unsnobby wine thriller [and] an excellent pairing with just about any book club.” —Portland Tribune
